A HUMAN BEHEMOTH.

John Hanson Craig, a Hoosier Boy, Now Weighs 907, the Heaviest Man on Earth. Special to the Indianapolis Journal.

FRANKFORT, Ind., May 9 .- Citizens of this vicinity yesterday had an opportunity to behold the greatest living man in avoirdupois who ever strode the green fields of earth. His name is John Hanson Craig, and with his wife and three-year-old child were visiting James Anderson and James McPherson, relatives. Craig's home is in Danville, Hendricks county, but he has been in the show business since his babyhood. In answer to a question he said:

"I now weigh 907 pounds, and am thirtytwo years old. At birth I weighed eleven pounds; at eleven months, I weighed seventy-seven pounds; at two years, 206 pounds, At that time I took the \$1,000 premium at Barnum's baby show in New York city in the year 1858. At five years I weighed 302 pounds; at thirteen years; 405 pounds; at twenty, 601 pounds; at twenty-two, 725 pounds; at twenty-seven, 758 Lounds; at twenty-eight, 774 pounds; at twenty-nine, 791 pounds; at thirty, 806 pounds; at thirtyone, 836, and my present weight is just 907 pounds. I am six feet and five inches high, measure eight feet and four inches around the hips, eighteen inches around the ankle, twenty-nine inches around the knee, sixtysix inches around the thigh next to the body. I require forty-one yards for a suit of clothes and three pounds of yarn for a

pair of stockings." Mrs. Craig is a good-looking blonde, weighs 180 pounds, and formerly accompanied her husband in the role of snakecharmer as "Zola Ayers." When asked how long they had been married, she laughingly remarked that they were first married in 1882, but that they were just now enjoying their second honeymoon, as they were divorced in January, and remarried but a couple of weeks ago. Mr. Craig explained the trouble, stating that his wife had expressed a desire to learn fashionable dressmaking and that he obsected. She applied for a divorce, it was granted and she went to Terre Haute and learned her trade. She then returned home and they were remarried. Mr. Craig has been all over Europe and in every important city in the world. They went from here to Dayton, where Mrs. Craig was born

THE CONTRACT WAS A FORGERY.

Long-Pending Litigation Over a Debt Finally Brought to a Close,

Special to the Indianapolis Journal. WABASH, Ind., May 9. - The peculiar suit of Mrs. Josephine King and her children, of Chester township, against the estate of the eccentric old Henry Blocher, which has been pending in the courts for several years, has at last been decided in favor of the estate. Blocher will be remembered as having by industry and his miserly habits accumulated fifty thousand dollars' worth of property. Toward the end of his life he loaned large sums of money to friends, with the understanding that if they kept up the interest at the regular market rate for a perion of fifteen years the debt would be canceled. Agreements were made in writing and mortgages executed which stipulated that on failure to pay the interest as covenanted the instrument might be foreclosed. In 1881 Mr. King borrowed \$3,000 from Blocher, giving a mortgage on his farm. The interest was paid regularly up to and for a year or two after Blocher's death, which occurred in 1888, and when King died the administrator of Blocher endeavored to collect the sum with interest from the King estate. Then it was that Mrs. King sprung a contract, drawn much as were all of the Blocher contracts, providing that if the interest were paid promptly for fifteen years from 1881, the principal would be regarded as liquidated. The suit to foreclose was begun in the Wabash Cirout Court, and taken to Huntington county on change of venue, the whole case depending on whether the contract were genuine. For two years the action hung fire, and now the judge, by his decision, pro-King a forgery, and the signature of Mr. Blocher to the same a counterfest, and the mortgage will be foreclosed. The forgery was most skilifully executed.

Convicted Rioter Clark's Bond Forfeited at Lafayette-Prosecutor Wood's Charge. Special to the Indianapolis Journal.

LAFAYETTE, Ind., May 9 .- Great excitement has been created here over the action of Prosecuting Attorney Wood, in calling a night session of the Circuit Court last night, and filing a written statement setting out that Peter J. Clark, the man recently convicted of assault and battery with intent to murder George Rudolph. had left the country. There had been whisperings around for several days that Clark had gone away, but, as he was holding the position of street commissioner, and was supposed to be attending to his business as such, his friends did their best to keep up the impression that he had not run away. This morning he failed to appear in court, and his bond was declared forfeited. William Temple, one of the accused rioters not yet brought to trial, has also decamped, and consternation tills the bearts of the other defendants yet to be tried. Prosecutor Wood asserts that the Ancient Order of Hibernians has been collecting a fund with which to pay the bonds

of the men as fast as they run away. Clarence Gregory's Damage Suit.

llow Stephens Used His Shotgun. Special to the Indianapo'is Journal,

WINCHESTER, Ind., May 2 -William Stephens, an old soldier residing at Modoc, in the southwest part of the county, was lodged in jail here to-day, charged with shooting with intent to kill John Means, colored, and Charles Moore, white, two young men living at Modoc. The shooting occurred last night. It seems that the young men have been annoying Stephens by calling him out and by engaging in profane and vulgar talk near his house. He had requested them to refrain and ordered them away, and finally, last night, let a load of bird-shot speak his request. Moore was shot in the arm and Meaus in the face and through the ear, but neither is dangerously wounded.

CHICAGO'S BROKEN BANKS

Depositors of the Chemical National and Its Branch to Be Paid in Full.

Stockholders Will Be Assessed to Make Up the Deficit-World's Fair Officials Not Invelved-Liabilities of H. H. Warner.

CHICAGO, May 2.-As anticipated from the fact that a government bank examiner had practically assumed control and that an appeal for assistance had been refused by the Clearing House Association, the Chemical National Bank did not open for business to-day. The Chemical has the banking concession at the world's fair grounds, and has an office in the Administration Building, Jackson Park. The world's fair branch was also closed this morning and a crowd of anxious exposition depositors stood before the doors. The bank's capital was \$1,000,000. Its officers are J. C. Curry, president; E. C. Measey and A. T. Ewing, vice presidents. Poor judgment in making loans and the stringency of the money market are given as causes of the failure. The deposits amount to a trifle over \$900,-000. It is expected that the depositors will be paid in full. The Chemical was not a member of the Clearing House Association. Bank Examiner Sturgis says it will require a week to prepare a statement of assets and liabilities. The world's fair branch will be treated as part of the bank, but the national commissioners will probably devise some means for the relief of these depositors. The stockholders will be assessed to pay creditors. The world's fair concession will promply be given to another

In conversation with a reporter this afternoon President Higinbotham, of the world's fair directory, denied that the council of administration had in any way indorsed the Chemical National's branch at the fair grounds. "Our position is just this," said he. "We have indorsed the bank only in so far as any person might indorse any national banking institution in the country. It was a legally organized corporation, under the banking laws of the United States, amenable to all the rules and regulations of the national government controlling the currency question. and we, of course, believed the bank all right. As far as the council of administration is concerned, it is my personal opinion that it is not and cannot be held responsible for any liabilities arising

from the bank's embarrassment." President Palmer, of the national commission, ridiculed the story that is being circulated to the effect that the commission can in any way be held responsible. The commission, he said, had not only not indorsed the bank, but knew nothing about it. It was entirely out of the commission's jurisdiction.

KENTUCKY'S GREAT EVENT

THE KENTUCKY DERBY. Gossip About the Track and Horses That

Will Probably Start To-Day. Special to the Indianapolis Journal.

Louisville, May 9 .- To-morrow will be the mangural day of the mineteenth annual spring meeting of the Louisville Jockey Club, and Derby day besides. The gates at Churchill Downs will swing inward tomorrow and admit to the field the usual crush of race goers. The meeting begins under the most auspicions circumstances, barring always the uncertain element of the weather. The track was very muddy to-day, but the sun and wind by nightfall had dried up the mud a great deal. Added to this the harrows and scrapers were out by 4 o'clock and did some very effective work. By to-morrow afternoon, the weather being fair, the track, while not fast, will be in good order and great interest will be certain.

It will be about 4 o'clock to-morrow afternoon when the sound of the bugle will call the starters in the Kentucky Derby to the post. The four horses most looked out for are Lookont, Boundless, Buck McCann and Plutus. All of them are on the edge of the race, and as handsome three-yearolds as ever faced a red flag. Mirage and Linger are but little thought of, and when Mirage is spoken of the remark generally provokes the query as to what Colonel epper is joking about to start the colt. Linger, while not favored, commands respect for his performance at Lexington in the Distillers' stakes. He is going in different company down here, however, and if he wins will be a surprise. The four other horses mentioned will make the race. Lookout and Boundless are generally the favorites, with Pintus next, and Buck Mc-Cann an acknowledged element of danger. is a peculiarity of this Derby that no one dares risk his reputation on it by making any prediction. And as for McCann, you can hear about him anything you wish. Where be will finish no one can say. The entries are as follows: Taird Race-The Kentucky derby; for

three-year-old colts and fillies (foals of 1800); \$100 entrance; half forfeit; \$10 if declared on or before May 1. 1891, \$30 if declared on or before May, 1893; money to accompany declarations, with \$8,000 added, of which \$400 to second and \$150 to third; fourth to save stakes. Tod distinguished himself

at center, getting some hard balls. The Denisons have won every game this year excepting that with Ann Arbor. Seven of the team have a record under eleven seconds on the track. A Boston Boy's Eyesight Saved-Perhaps His Life

By Hood's Sarsaparilla-Blood Poisoned by Canker.

Read the following from a grateful mother: "My little boy had Scarlet Fever when 4 years old, and it left him very weak and with blood peisoned with canker. His eyes became so inflamed that his sufferings were intense, and for seven weeks he

Could Not Open His Eyes. I took him twice during that time to the Eye and Ear Infirmary on Charles street, but their remedies failed to do him the faintest shadow of good. I commenced giving him Hood's Sarsaparilla and it soon cured him. I have never doubted that it saved his sight, even if not his very life. You may use this tes-timonial in any way you choose. I am always ready to sound the praise of

Hood's Sarsaparilla because of the wonderful good it did my son." ABBIE F. BLACKMAN, 2888 Washington St., Boston, Mass. Get HOOD'S.
